MEMORANDUM FOR:   
Merit and Awards Board

SUBJECT : Recommendation for Award of the  
Intelligence Star to Francis G. Powers

Forwarded herewith is a recommendation for the award of the Agency's Intelligence Star to Mr. Francis G. Powers. You will recall that during our recent flight to the West Coast with General Carter that this proposed action was discussed in General Carter's presence and others and that there was general agreement that such an award would be most appropriate. As you know, Mr. Powers has received no formal or official recognition from any quarter recognizing his outstanding service to the Agency. I strongly endorse this recommendation.

Signed Herbert Scoville, Jr.
